

Name: Olivia Dunaway

Enchanted Desert

The delicate grains of soft sand;
Will beautifully glisten
Sit still;
Breathe and listen

The desert flower will bloom
As the summer sun beams
Everything magically,
Yet perfectly gleams

Some hate it horribly
Some love the dry and firey power
Many would rather;
The monsoons heavy shower

I love it all,
From the storms to the heat
The Sonoran Desert
Just can't be beat
